Description

Hardtops : SRT Convertible Flat Top

The new aptly named Flat Top Hardtop for the Gen III/IV convertible is a departure from traditional AF Viper Hardtop styling. As, this top features a more streamline and flat style that flows well with the lines of the SRT convertible, and works well in conjunction with many of the new AF products for the SRT-10 (such as the TA style spoiler).

Included with the top is a storage stand and the same traditional AF quality that has marked all of our products. This top is not available in primer, and will be delivered in paint from Autoform.

In the "notes and special requests" section of the shopping cart please list the the color of your car, stripes if necessary and be sure to include both the year and engine of your vehicle. Also list other requests you may have. Also, email or call us for any additional questions/concerns.
