## Front Splitters & Fascias : Bolt-On Splitter - TA Style

---

### Description

This part attaches to the air dam on the bottom side the stock fascia. The kit includes a pair of splitter support rods custom designed and engineered at Autoform Viper. Parts can be ordered in black gel coat or painted Satin Black. Carbon Lip is also available.

This Version features a "TA" style lip.

In the "notes and special requests" section of the shopping cart please list the color of your car, stripes if necessary. Additionally, list the model of the car (Rt/10 or GTS). Also list other requests you may have. Also, email or call us for any additional questions/concerns.

NOTE: Because we offer a large array of products, with highly-varied production times, the amount and type of products ordered week-to-week lead to fluctuating production times. Because of this, we do not offer a specific production and shipping schedule (except in specific pre-determined circumstances). Every effort will be made to adhere to our traditional approximate 2-month production timeline.
